PROFESSIONAL SUMMARY

Dedicated and high-achieving Information Technology graduate (Graduated with Distinction) currently candidate at Capaciti, holding a Diploma in Information Technology (Network Management) from Rosebank College (IIE). Possesses hands-on expertise in enterprise LAN/WAN configuration, Windows and Linux server administration, network security, and database management. Proven ability to design scalable network topologies, troubleshoot complex systems, and implement robust security protocols. Eager to leverage technical acumen and professional training in an IT Support, Networking, or Systems Administration host role.

CURRENT EXPERIENCE & PRACTICAL WORK

Capaciti — Candidate / Intern

Present

- **Professional Development:** Participating in intensive technology work readiness training, technical skill development, and professional placement preparation.
- **Technical Collaboration:** Engaging in hands-on IT infrastructure, technical problem solving, and workplace placement preparation focused on networking, systems support, and modern tech solutions.

Rosebank College (The IIE) — Practical Labs & Student Projects

2023 – 2025

- **Network Architecture:** Configured physical and virtual switches, routers, and subnets for simulated enterprise environments.
- **Server Operations:** Deployed, configured, and managed Windows and Linux server environments ensuring service availability and data protection.
- **Database Systems:** Designed relational databases, drafted advanced SQL scripts, and managed routine data maintenance and system backups.
- **Web Development:** Structured and designed user-friendly web interfaces using standards-compliant HTML5 and CSS3.
- **Technical Troubleshooting:** Diagnosed hardware, network, and operating system faults using systematic diagnostic approaches.

TECHNICAL SKILLS & COMPETENCIES

Networking & Infrastructure LAN/WAN Configuration, Switches & Routers Setup, IP Addressing & Subnetting, Network Protocols (TCP/IP, DHCP, DNS, VLANs), Routing Protocols.	Systems & Server Administration Windows Server Setup & Management, Linux System Administration, Active Directory, Client Systems Configuration.
Network Security & Risk Management Risk Analysis, Firewall Configuration, Access Control, Security Hardening, Basic Threat Detection.	Database & Web Technologies SQL Database Administration, Relational Database Design, Queries, Data Backups, HTML5, CSS3, Web Development Fundamentals.

FEATURED KEY PROJECTS

ContentGen AI Flask-based content generator hosted live for generating blog posts, social media captions, LinkedIn posts, professional emails, and advertisements.	[Launch Live Application]
Netcare Patient Support Chatbot Healthcare-focused chatbot designed to provide patients with accessible general information and support through a conversational interface.	[View Repository]
Personal IT Portfolio Personal portfolio website showcasing IT skills, technical projects, education, and professional development.	[View Live Website]

EDUCATION

Diploma in Information Technology (Network Management) Rosebank College – The Independent Institute of Education (IIE), South Africa Academic Honor: Graduated with Distinction (Cum Laude) Completed 2025 Qualification Standard: NQF Level 6 SAQA ID: 74650 Total Credits: 360 (Fully Completed) Key Academic Modules: Advanced Network Management, Emerging Network Technologies, Operating Systems, Client Systems Configuration, Database Introduction, IT Project Management, Work Integrated Learning 2 & 3.	Graduated with Distinction
National Senior Certificate (Matric)	Awarded Bachelor's Degree Admission Endorsement

CERTIFICATIONS

Introduction to Cybersecurity Cisco Networking Academy	2025
Network Addressing and Basic Troubleshooting Cisco Networking Academy	2025

PERSONAL DETAILS

Present Occupation: Candidate Intern at Capaciti	Languages: Xitsonga (Native), English (Fluent)
Driver's License: Code 08 (Class B)	Work Authorization: South African Citizen
